

2009 Most Improved Golfer Report By Area

At the 2009 Workshops Most Improved Golfer awards were presented. One award was given to a 9-hole club member and one award to an 18-hole club member in each of the eight PWGA Areas. The criteria: (1) timeframe selected was January 1 through December 1, 2008, (2) minimum 18 years old, and (3) minimum of 20 games in her score history. Often, in a local club, a minimum number of games must be posted as played with the club. However, that criteria could not be verified at the PWGA level, only the club level, so that was not taken into consideration.

Each winner's name was announced at her Area's Workshop and she was awarded a 2009 PWGA ball marker. Congratulations to these women and their accomplishments.
